WHO IS OLIST?

Olist is a Brazilian e-commerce marketplace that connects sellers with customers through its platform.

PROBLEM STATEMENT

To understand how Olist's sales performance is changing over time and what factors are influencing that performance.

THE DATA

September 2016 – October 2018

The dataset contains irregular coverage at the beginning and end of the period. Therefore, the main sales trend analysis focuses on January 2017 through August 2018, while the incomplete periods are treated as data-quality limitations.

SALES GROWTH

YEAR-OVER-YEAR GROWTH (2017 VS 2018)

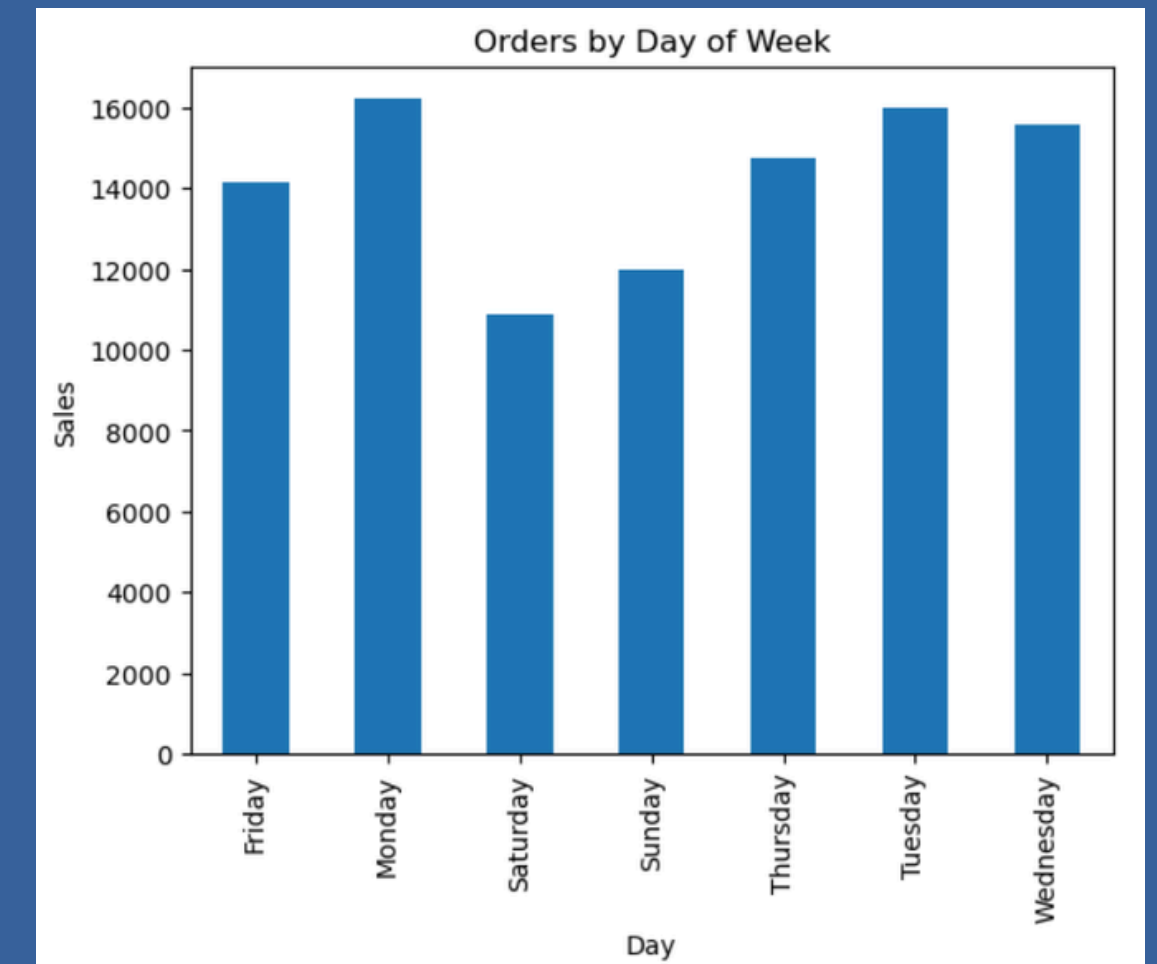

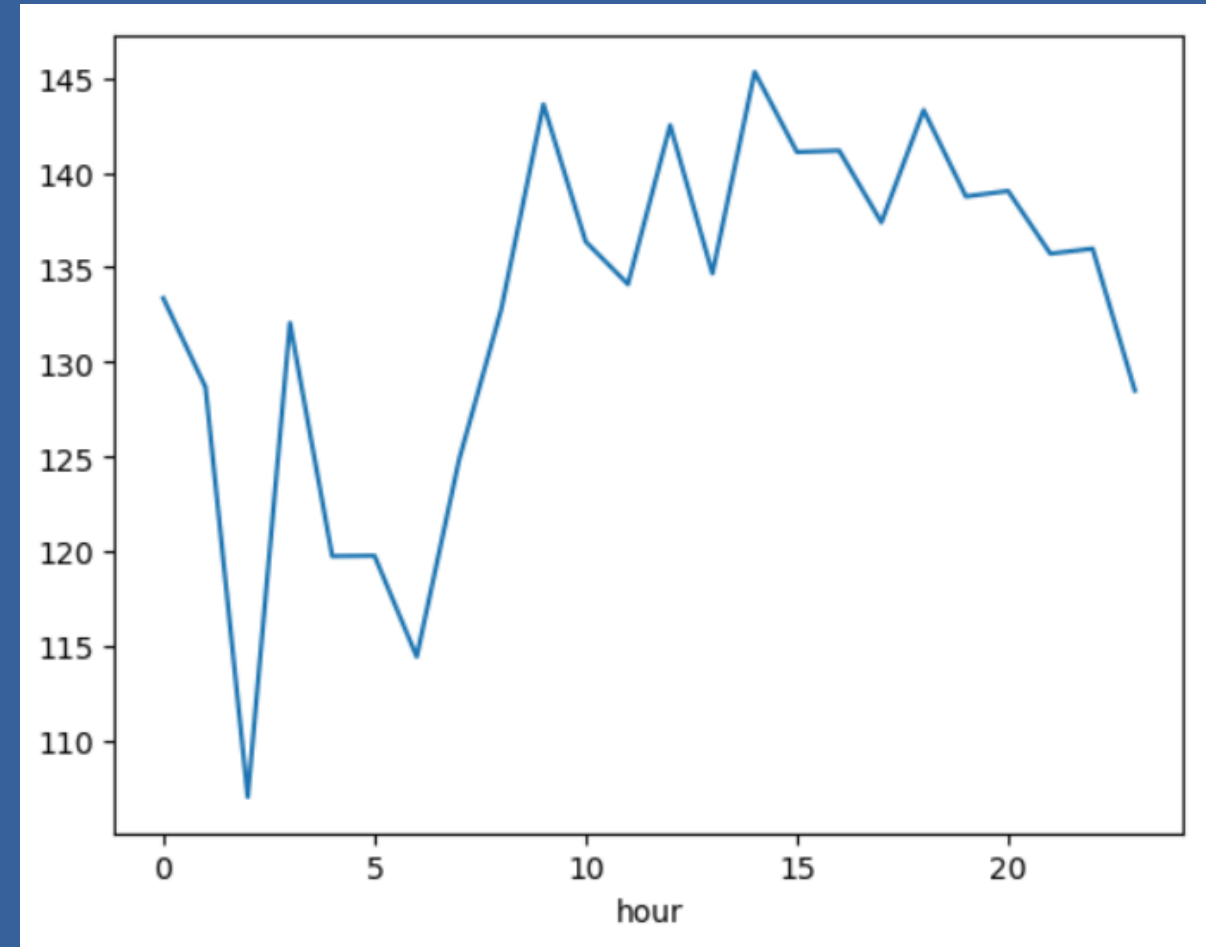

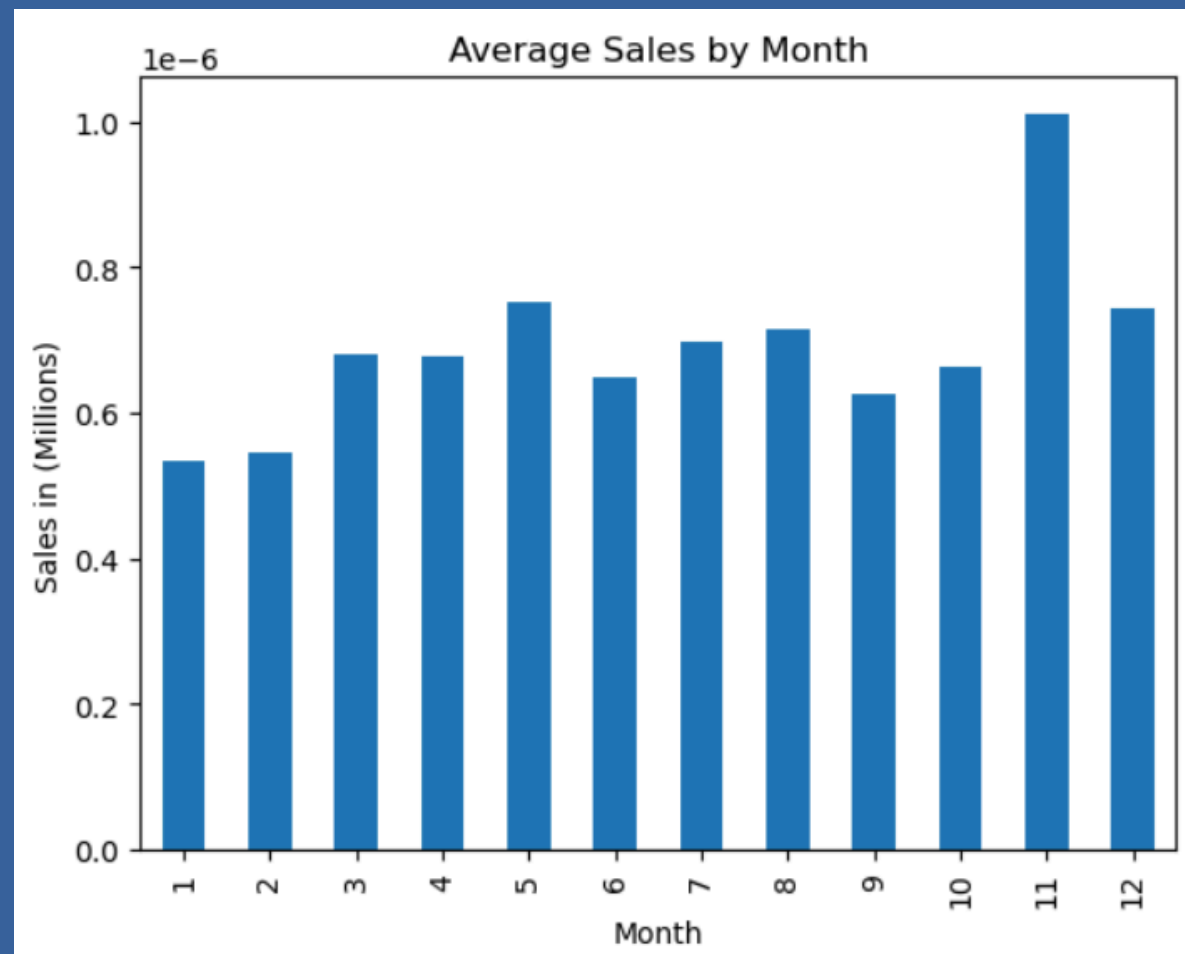

2018 sales consistently outperformed 2017, stabilizing at nearly R\$ 1 million per month compared to 2017's steady climb.

AOV VS TOTAL ORDERS

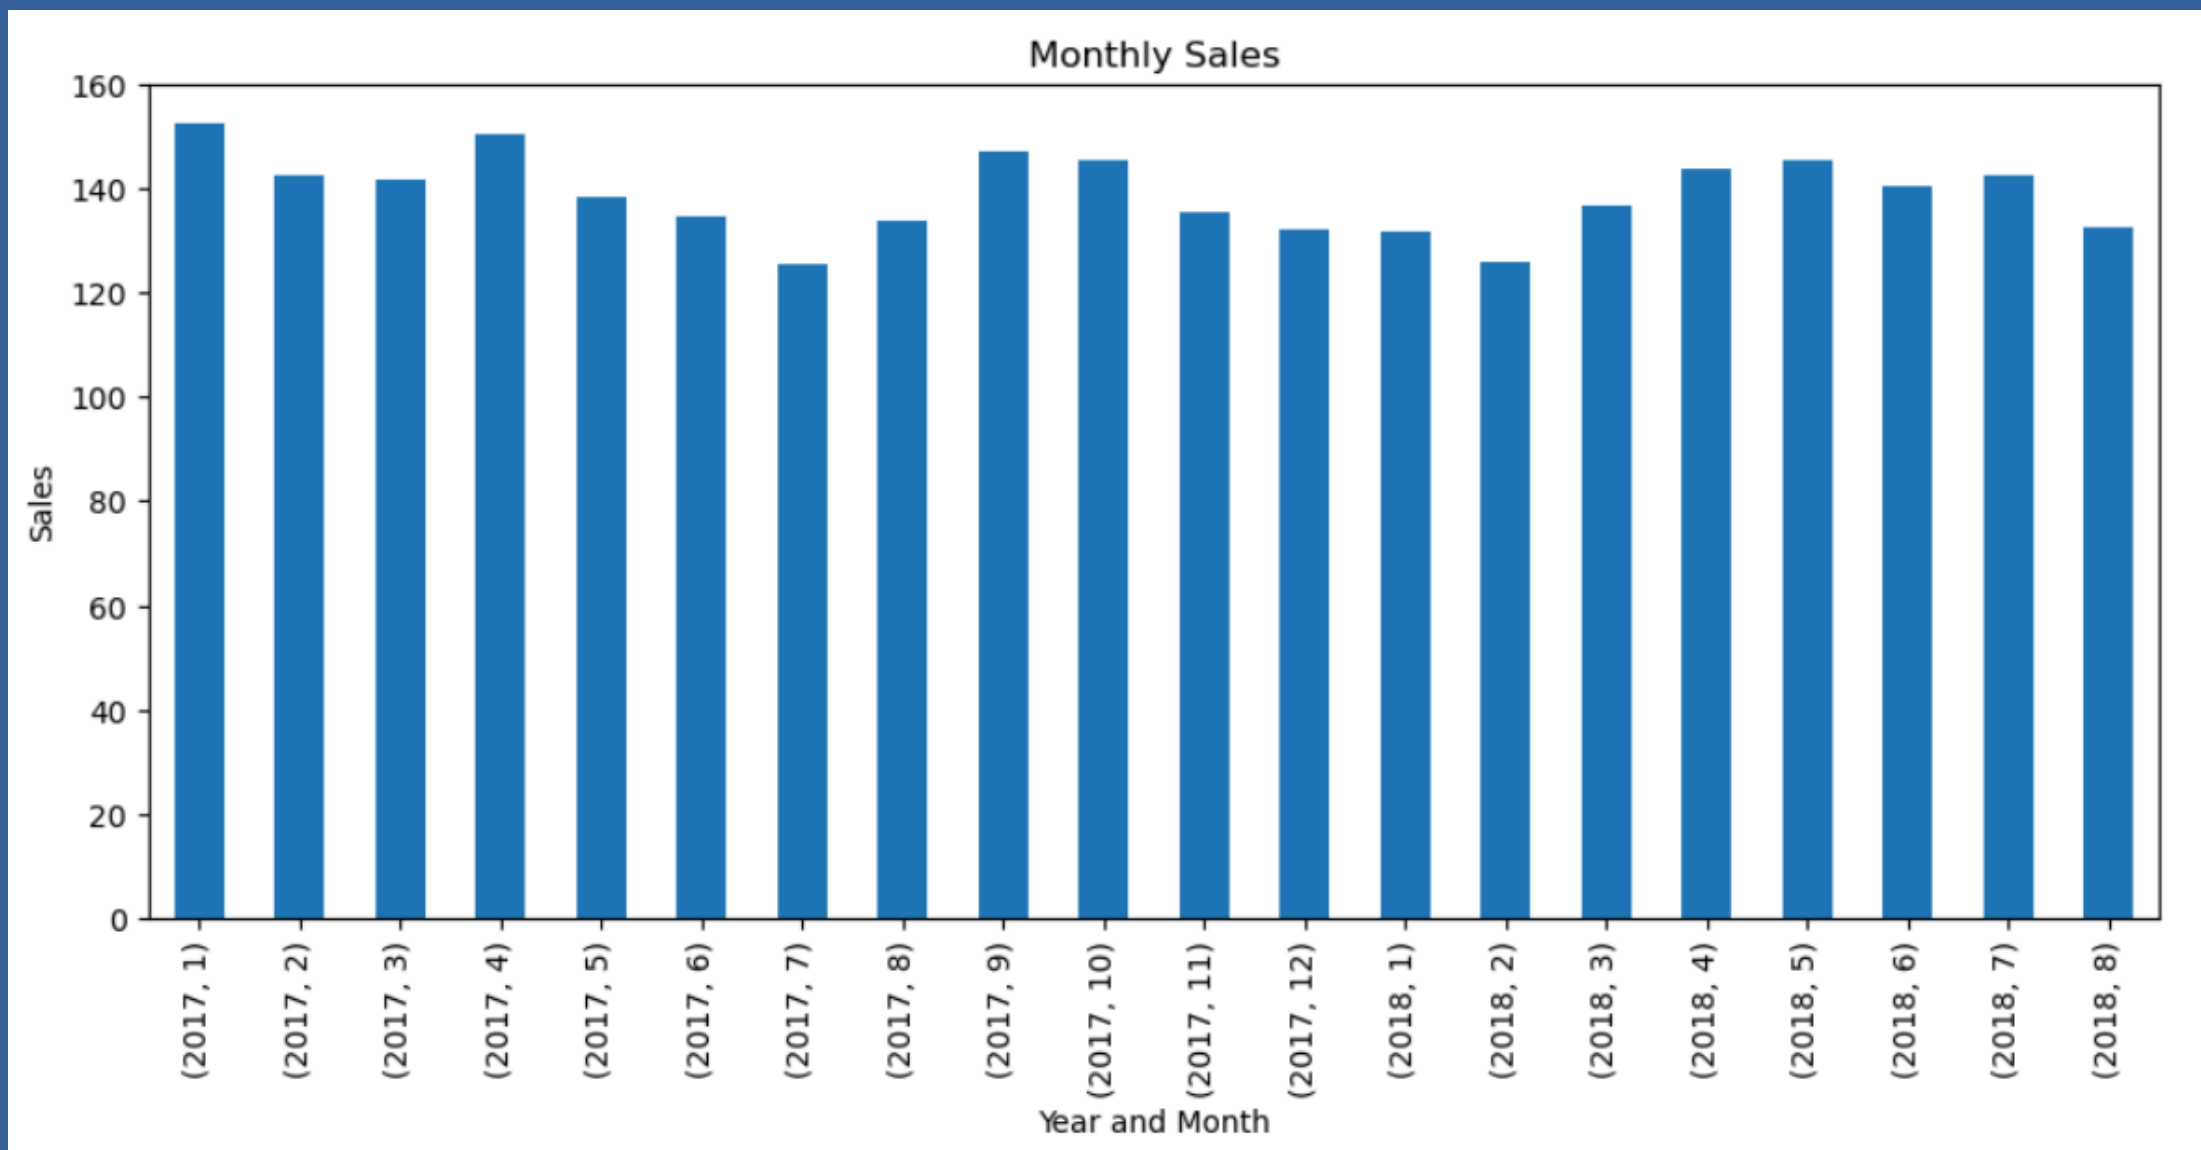

Growth Came From More Orders, Not Bigger Baskets

WHEN DO CUSTOMERS BUY?

Our customers buy primarily on Monday and Tuesday afternoons, but our entire year is defined by a massive spike in November.

FESTIVALS, HOLIDAYS & SUMMER

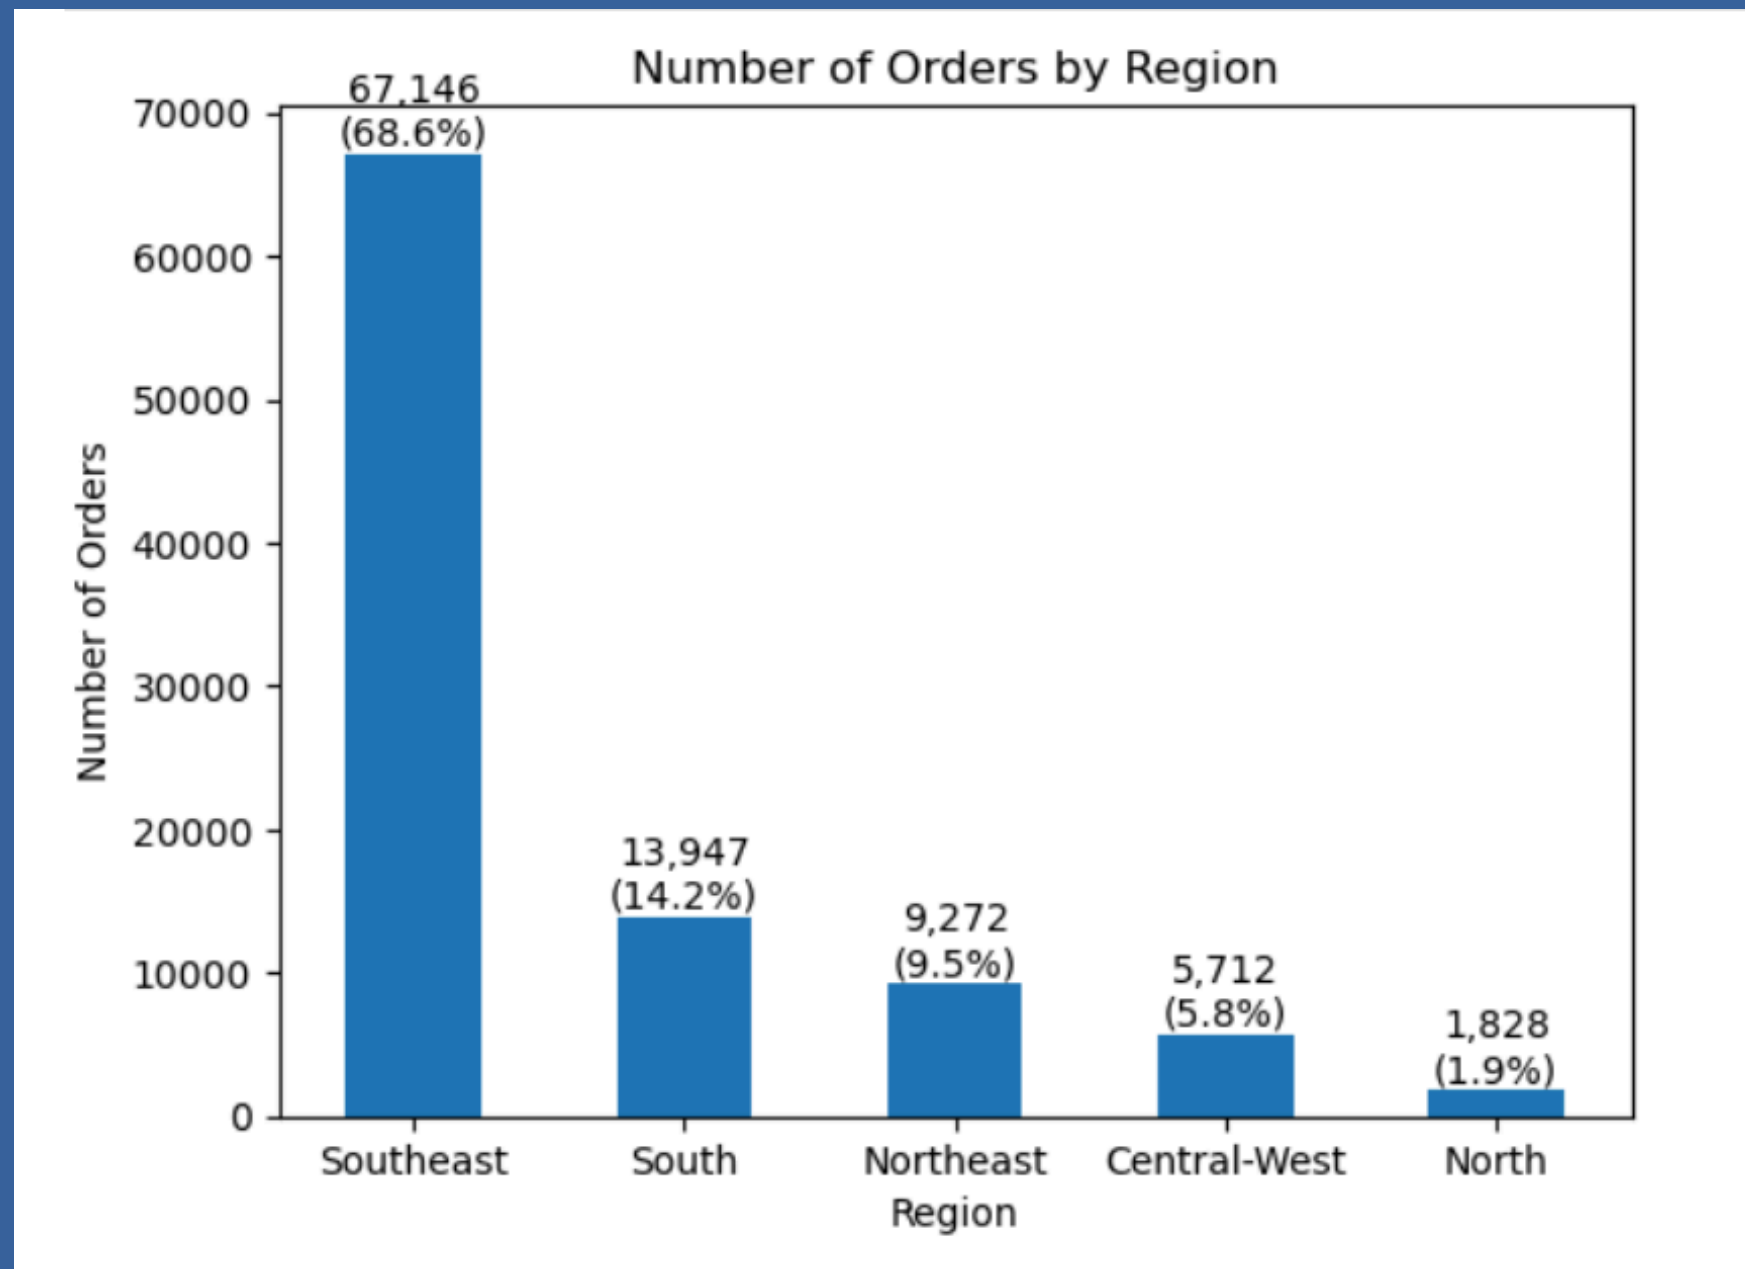

Sales are lower on average in summer months compared to the other months

- **Summer months:** ~\$370.5K average
- **Other months:** ~\$560.5K average

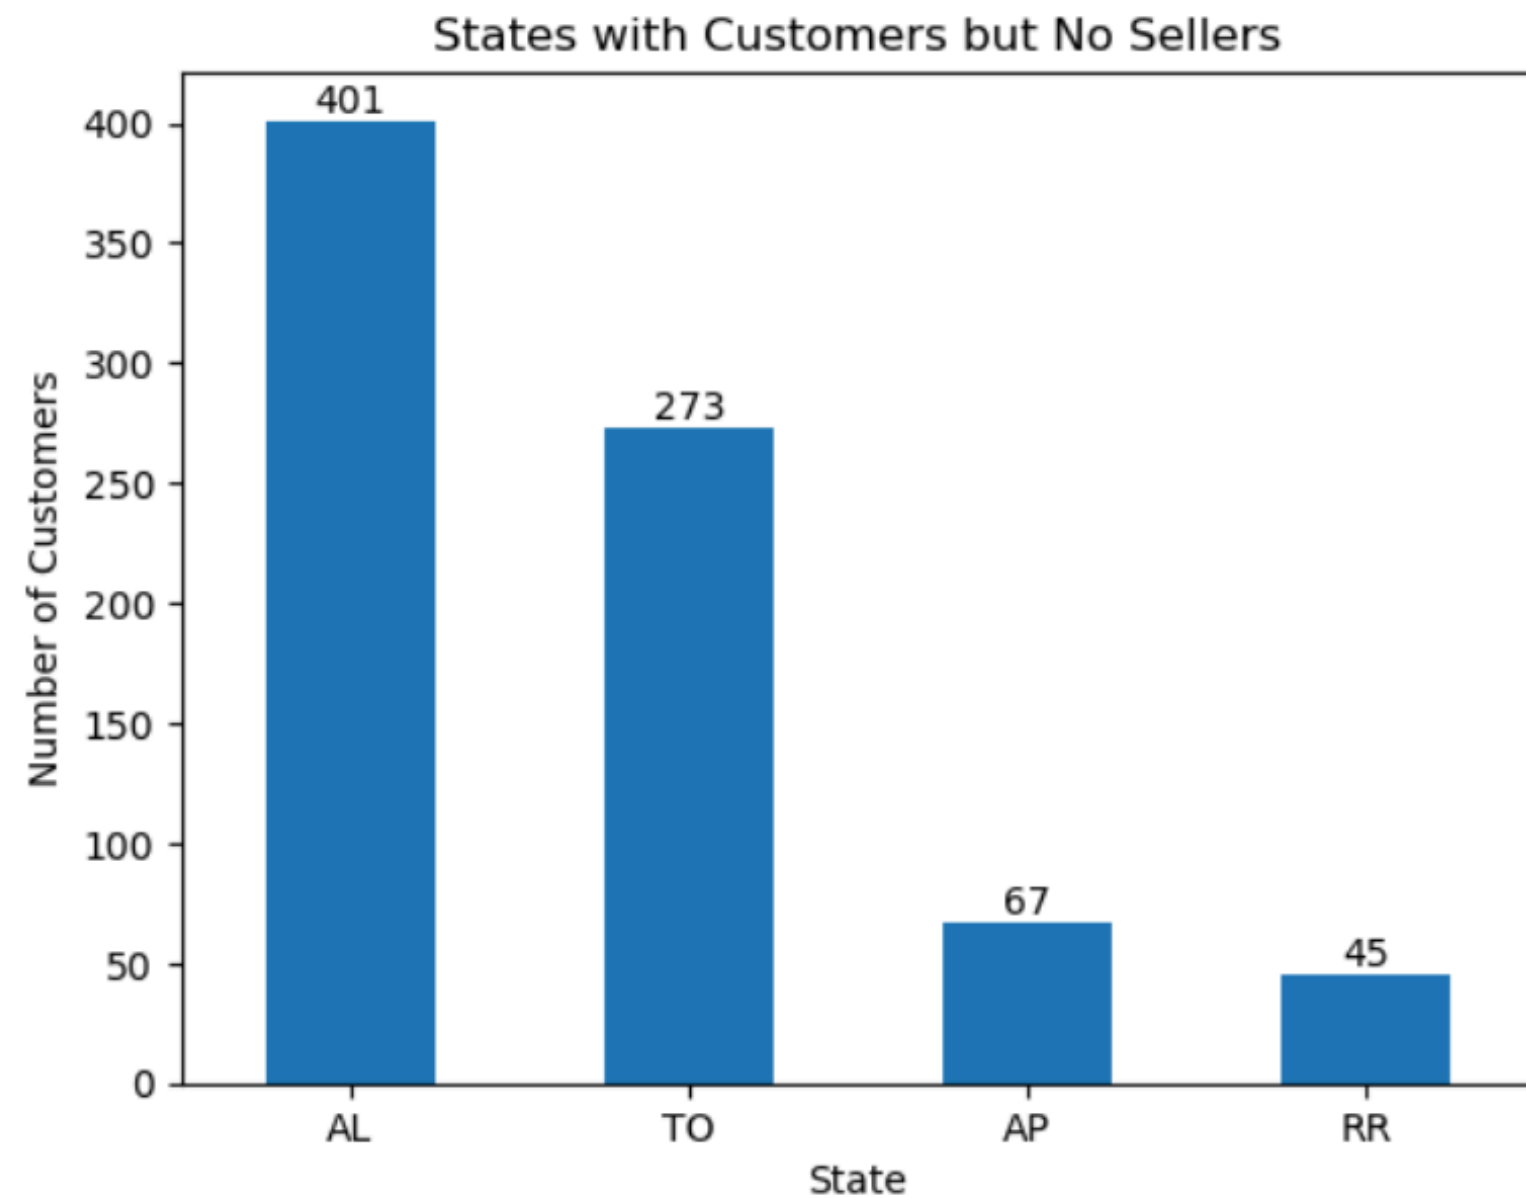

Geographic Performance

REGIONAL SALES PERFORMANCE

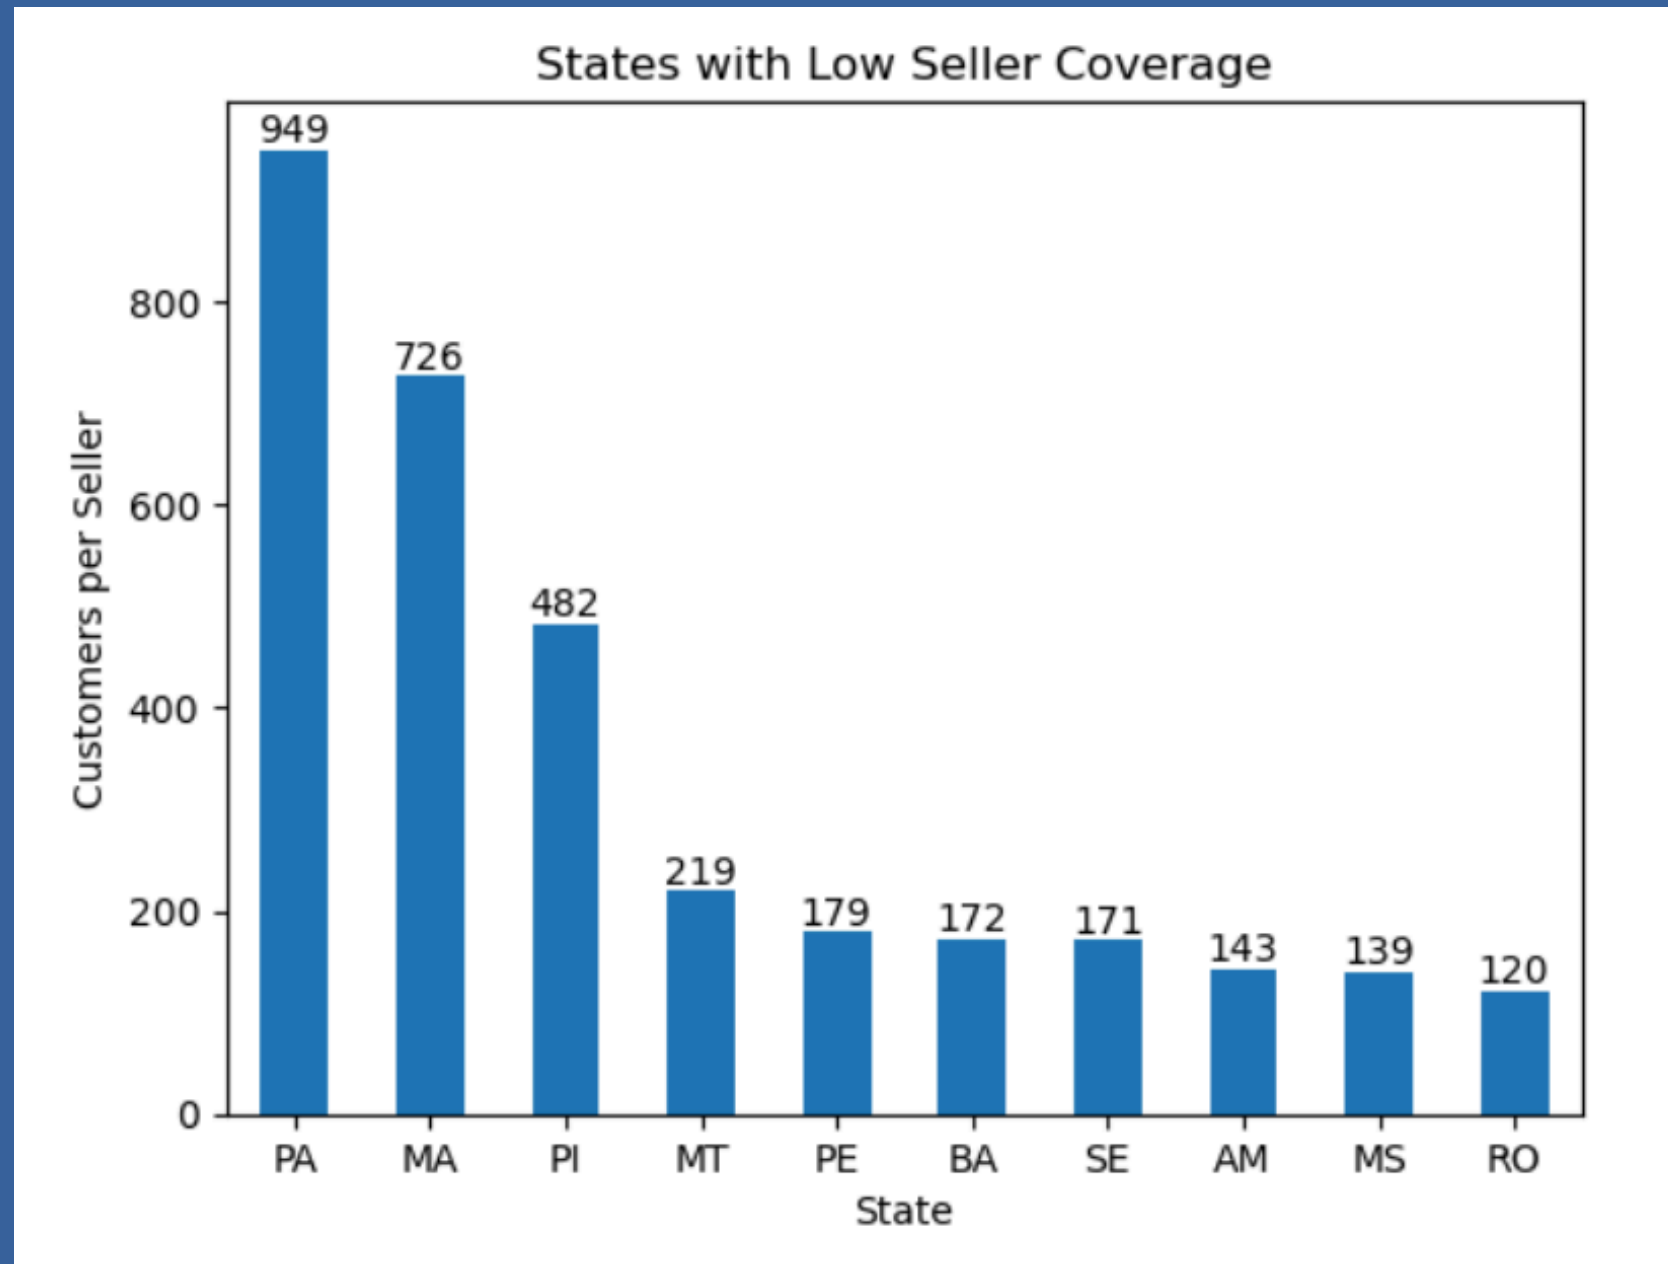

- **SOUTHEAST** DOMINATES WITH 68.6% OF ORDERS, WHILE THE **NORTH** HAS THE LOWEST SHARE AT 1.9%.

GEOGRAPHIC GAPS: CUSTOMERS BUT NO SELLERS

- 4 STATES HAVE CUSTOMERS BUT NO SELLERS: ALAGOAS , AMAPÁ , RORAIMA ,AND TOCANTINS
- ALAGOAS (AL) HAS THE LARGEST CUSTOMER BASE 401, HIGHLIGHTING AN OPPORTUNITY TO EXPAND SELLER COVERAGE.

STATES WITH LIMITED SELLER COVERAGE

SELLER COVERAGE IS PARTICULARLY LIMITED
IN PARÁ, MARANHÃO AND PIAUÍ
, WHERE EACH STATE HAS ONLY ONE SELLER
SERVING HUNDREDS OF CUSTOMERS.

WHY ARE SOME AREAS UNDER-PERFORMING?

BASED ON OLIST DATA:

LIMITED SELLER COVERAGE: SOME STATES HAVE A LARGE NUMBER OF CUSTOMERS BUT VERY FEW SELLERS—OR NONE AT ALL.

EXAMPLE: PENNSYLVANIA, MASSACHUSETTS, AND PRINCE EDWARD ISLAND HAVE HUNDREDS OF CUSTOMERS BUT ONLY ONE SELLER EACH.

EXTERNAL FACTORS:

INTERNET ACCESS: LIMITED DIGITAL ACCESS MAY REDUCE E-COMMERCE PARTICIPATION.

LOGISTICS AND INFRASTRUCTURE: TRANSPORTATION CHALLENGES CAN AFFECT PRODUCT AVAILABILITY AND DELIVERY TIMES.

SUMMARY

- The platform showed strong growth in sales volume and revenue over time.
- Sales increased significantly during peak seasons.
- Most orders and sales were concentrated in São Paulo and the Southeast region of Brazil.
- Bed, Bath & Table, and Health & Beauty were among the top-selling categories.
- Installment payments were paid in one full payment rather than in multiple separate payments.

RECOMMENDATIONS:

- 1- To increase the AOV: Create product bundles
- 2- To increase Revenues: Focus on Retention (Repeat Buyers), As we have 92K customers but 99K orders.
- 3- Target the Monday/Tuesday Afternoon Shoppers
- 4- Launch a "Black November" campaign, give your 92K existing customers early access, and promote high value bundles.
- 5- Prioritize seller recruitment in states with low seller coverage.
- 6- Provide onboarding incentives for new sellers.
- 7- Focus marketing and inventory efforts on the product categories that generate the highest sales.
- 8- Monitor the impact of discounts, vouchers, and installments to identify which strategies are associated with better sales performance
